

Mission Statement

The mission of Wing of Compassion is to help others in need by utilizing the gift of aviation. Aviation is used as a tool to help seriously ill children and their families along with other NON-Emergency medical transportation, disaster relief, missionary support, and discovery flights for at risk kids to introduce them to the world of aviation.

Vision Statement

The vision of Wings of Compassion is to utilize aviation for seriously ill children and their families, victims of a natural disaster in order to instill a positive attitude towards their personal crises. Through the volunteers and

Core Values Statement

The core values of Wings of Compassion are to....through integrity, trust, inspiration, determination and compassion.

Integrity

- We will hold ourselves to the highest standards in our words and actions.
- We will always behave ethically and require similar practices of all those associated with the organization.

Trust

- We will always operate with the safety and happiness of the children as our highest priority.
- We will present the organization and its associated individuals in a straightforward manner.

Inspiration

- We will be role models for a positive attitude and optimistic outlook in all situations.

Compassion

- We will always be sensitive to the nature and severity of the crises faced in each mission and show compassion with our words and actions.
